

## DEPARTMENT OF RESOURCES RECYCLING AND RECOVERY

1001 I STREET, SACRAMENTO, CALIFORNIA 95814 • WWW.CALRECYCLE.CA.GOV • (916) 322-4027  
P.O. BOX 4025, SACRAMENTO, CALIFORNIA 95812

May 9, 2016

**To:** All Prospective Contractors

**RE:** "Engineering Services for Landfill, Disposal Site and Waste Tire Site Remediation" DRR16020

### **Addendum No. 1 To the Request For Qualifications (RFQ) DRR16020**

1. Attached is a list of all businesses who have expressed an interest in the contract to date (Attachment 1).
2. The following questions were submitted in response to the RFQ and answers to each follow the question.
  - Q1. Would it be possible to amend Clause 5 of the General Terms and Conditions to read as follows (proposed modification in italics, highlighted in yellow):
    5. INDEMNIFICATION: Contractor agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all claims and losses accruing or resulting to any and all contractors, subcontractors, suppliers, laborers, and any other person, firm or corporation furnishing or supplying work services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims and losses accruing or resulting to any person, firm or corporation who may be injured or damaged by Contractor's *proportionate negligence* in the performance of this Agreement.
  - A1. We cannot accommodate this request.
  - Q2. Page 6 of the RFQ lists the contract documents. This includes (1) General Terms and Conditions (T&Cs) (2) Special T&Cs (3) 1999 CalTrans Specs and terms, and (4) 2015 Caltrans specs and terms. All of these have differing terms and conditions, and we are not sure why CalRecycle has included the CalTrans Specs and terms. **What order of precedence is given to the various contract documents (e.g. if two documents conflict, which one prevails)?**
  - A2. The CalTrans Specifications referred to are included for the administration of field construction and have provisions that are included in the State's general contract terms. They are needed in this contract for the field investigations and construction support of the remediation contracts. For contract document precedence, the order is as shown in the following list:

- 1) General Terms and Conditions (GTC)
- 2) Statement of Work (SOW)
- 3) RFQ Package
- 4) Special T&Cs
- 5) 2015 CalTrans specifications
- 6) 1999 CalTrans specifications

Q3. A public records request was made for the Statement of Qualifications (SOQ) of the winner of CalRecycle's previous contract for these services. That SOQ is being made available to all potential bidders and can be accessed at our FTP site.

A3. You may access this information by copying the following link **<ftp://ftp.calrecycle.ca.gov/>** and pasting it into Internet Explorer. Once prompted the user name is "ftpuser1" and password "crftpuser1". Navigate to the directory named "Retainedfor30days". Click on the pdf file entitled "Geo-Logic Associates SOQ for DRR13017\_Redacted.pdf".

All other terms, conditions, and requirements of this RFQ will remain the same. If you have any questions relating to this RFQ process, please contact me by e-mail at [contracts@calrecycle.ca.gov](mailto:contracts@calrecycle.ca.gov).

Sincerely,

*{Original Signed By}*
